SELECTION CRITERIA

applicable to the candidates who applied for an Erasmus+ grant in 2017 - 2018

The selection committee organizing the interview scheduled for 3rd April 2017 for candidates who have applied for an Erasmus+ grant in the academic year 2017 – 2018 have established the following selection/differentiating criteria:

1. **Curricular compatibility (eliminary criterion).** The participation of a student to a study mobility depends on the compatibility of the curricula of the two universities (home university and host university) which should match in at least 80%.
2. **The candidates' average from their former study year.** If two candidates have the same averages, they will be differentiated according to their averages obtained after the winter exam session* (academic year 2016 – 2017).
3. **Language requirements.** The minimum requested language level is B2.
4. **Previous participation.**
5. **Financing.** If the university does not receive enough funds from the National Agency to cover the entire mobility period for all the participants, priority will be given to the candidates who participate in the program for the first time. The rest of the candidates can participate as ZERO GRANT STUDENTS, provided they fulfill ALL the selection criteria listed above.

*** The average obtained after the winter exam session includes all the marks obtained during the regular exam period and the retake exams.**

The selection criteria listed under 2 – 4 will be given points as reflected in Annex 1.
