THE ENTRANCE EXAM AND THE RESULTS

IX. 1. For undergraduate programs taught in a foreign language (300-360 ECTS) the entrance exam will consist in the selection of the candidates based on the approved selection criteria.

IX. 2. The admission of the candidates will be based on the number of points obtained by each candidate, observing the own **selection criteria** set by the university (Annex 4A and 4B), in descending order, according to the number of available places/study program.

IX. 3. The admission committee will only validate and consequently grant points for those activities that can be supported by official documents (certified copies).

IX. 4. If, after the classification of the candidates, the last place will be occupied by several candidates with the same number of points, they will be differentiated using the following additional criteria:

- a. Their biology average, obtained in high-school;
- b. Their chemistry average, obtained in high-school.
- c. the overall average of all high-school years.

IX. 5. The selection criteria approved by the university will be posted at the International Office and on the university web site.

IX. 6. The provisional results of the entrance exam for all the study programs, signed by the admission committee, will be made public on **18.07.2018**; once all the files have been analyzed, the number of points obtained will be posted on our website www.umft.ro or admission.umft.org and at the International Office.

IX. 7. The lists contain the following information:

- The provisionally admitted candidates to self-supported fee-based studies, according to the number of available places, where applicable;
- The rejected candidates, where applicable.

IX. 8. The final admission of the candidates depends on:

- the candidates' participation in the entrance exam and selection according to the own selection criteria approved by the university, in the descending order of the number of points obtained, as stipulated in the Admission requirements for citizens of third countries;
- whether the candidates have obtained a Letter of Acceptance to Studies issued by the Ministry of National Education, according to the Order of the MNE regulating the enrollment of foreign citizens in Romanian higher education institutions, , amended and revised by the Victor Babeș University of Medicine and Pharmacy, Timisoara, after the evaluation of the registration file;
- whether the candidates have passed the obligatory and eliminatory language test marked with „passed/failed” (where applicable);

- whether the candidate has submitted a certificate for the preparatory year or Romanian study documents (diplomas and certificates), other study documents or transcripts of records which prove that the candidate has studied for at least FOUR consecutive years IN Romanian, in a Romanian accredited school, for those wishing to study in Romanian.

IX. 9. After the final results have been made public, the university has the obligation to return unconditionally in maximum 48 hours the pre-registration documents submitted by the candidates who were rejected or have withdrawn. The documents can be returned only if the candidate has submitted an individual pre-formatted request to this end (Annex 6). No charges will be paid by the candidates who personally pick up their documents from the International Office. Candidates who wish to have their documents sent by post/courier have to bear the shipping fees.

IX. 10. Files that do not contain original documents (high-school diploma/equivalent) and have not been picked up in the 48-hour interval will be discarded on 31 December 2019.

- X. 2.** The International Office will register all appeals.
- X. 3.** Appeals will be solved solely by the Central admission committee on 20. 07. 2018. The decisions of the committee will be made public by posting them at the International Office and on the site of the university www.umft.ro.
- X. 4.** If there are differences in the number of points obtained by a candidate, the candidate will eventually receive the number of points given after the appeal, and that result is final.
- X. 5.** Appeals that prove that the candidate is not familiar with the admission requirements will be rejected.
- X. 6.** After the appeals, the list of provisionally admitted and rejected candidates for each study program will be made public.
